Suggestions for day trips by train

- While the VeRo experience is best enjoyed over a stay of several days, the route can also be covered as a day trip, with a return journey by train from Nice, Ventimiglia or Turin.

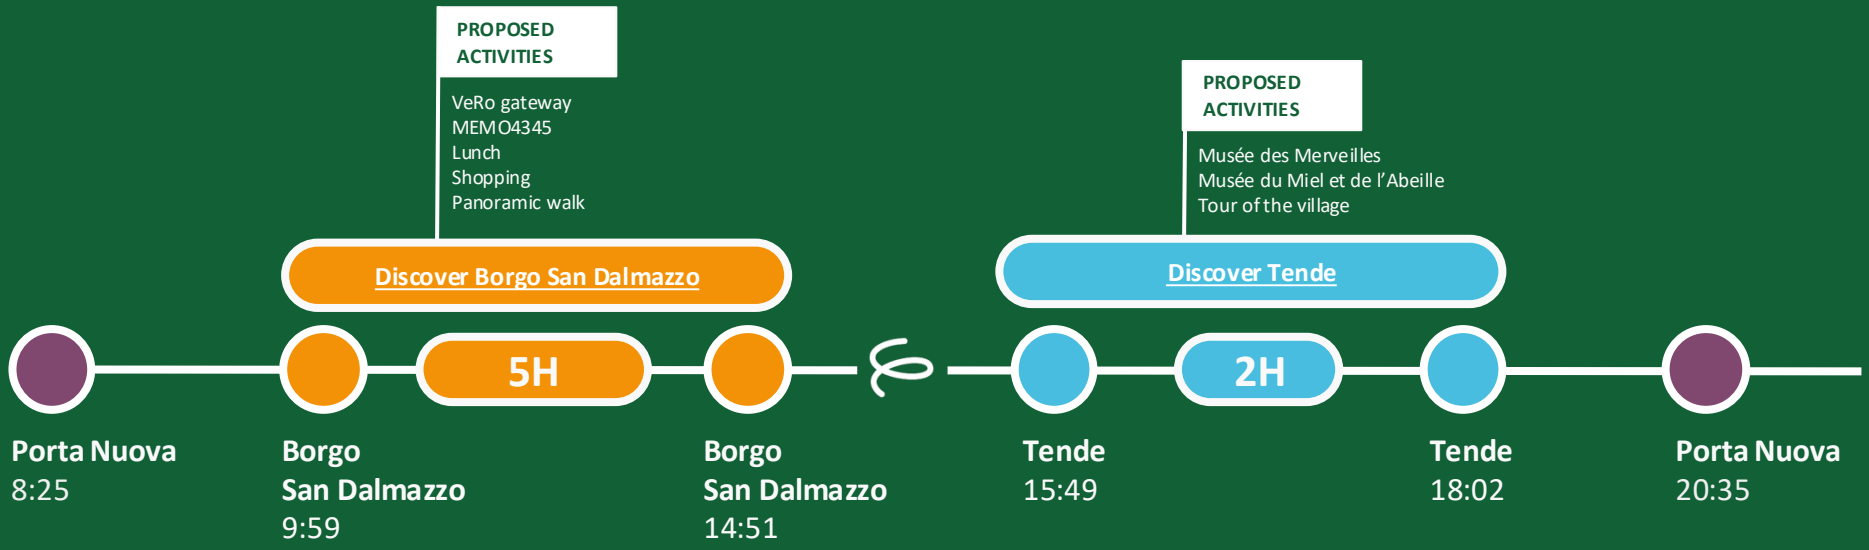

- Here are a few examples of day trips, each of which includes a stop at **two different villages**, a variety of activities and the experience of travelling through **a spiral tunnel**. **Compasses at the ready**!

- Now it's your turn to create other combinations based on the train timetables and your preferences among the 8 villages on the itinerary.

- Travelling all or part of the route by car, taking your own bike on the train, or walking between the villages are other ways to explore and appreciate this unique area.

A day trip starting from Turin

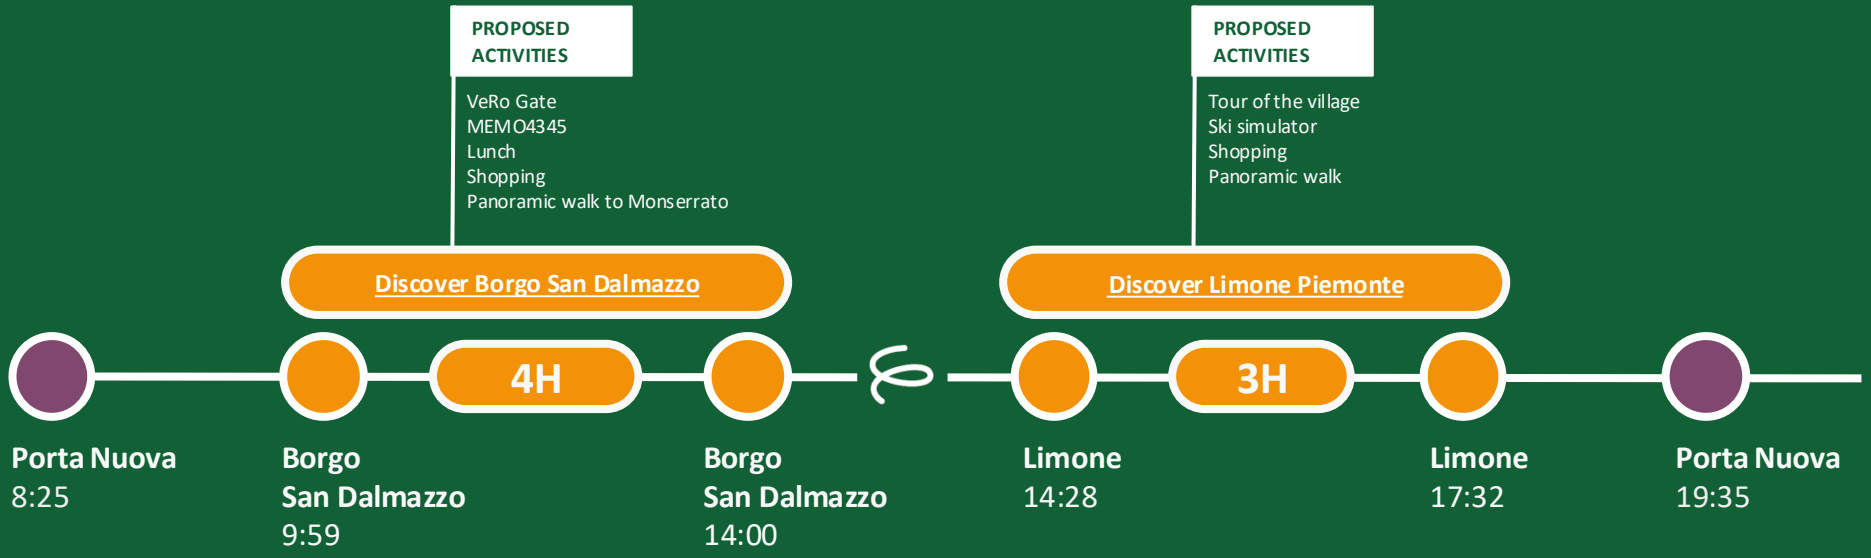

In Italy & In France

⚠ Train timetables may vary depending on the day and the season.

A day trip starting from Turin

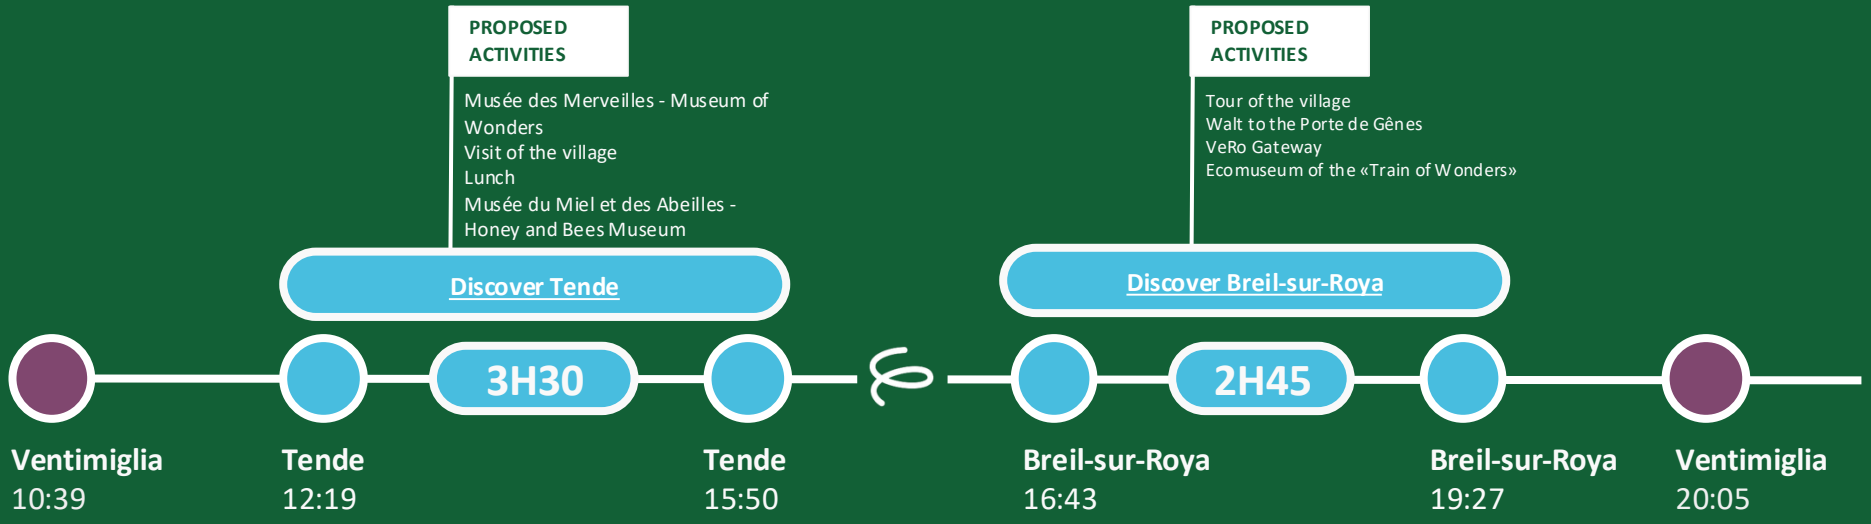

In Italy

⚠ Train timetables may vary depending on the day and the season.

A day trip starting from Ventimiglia

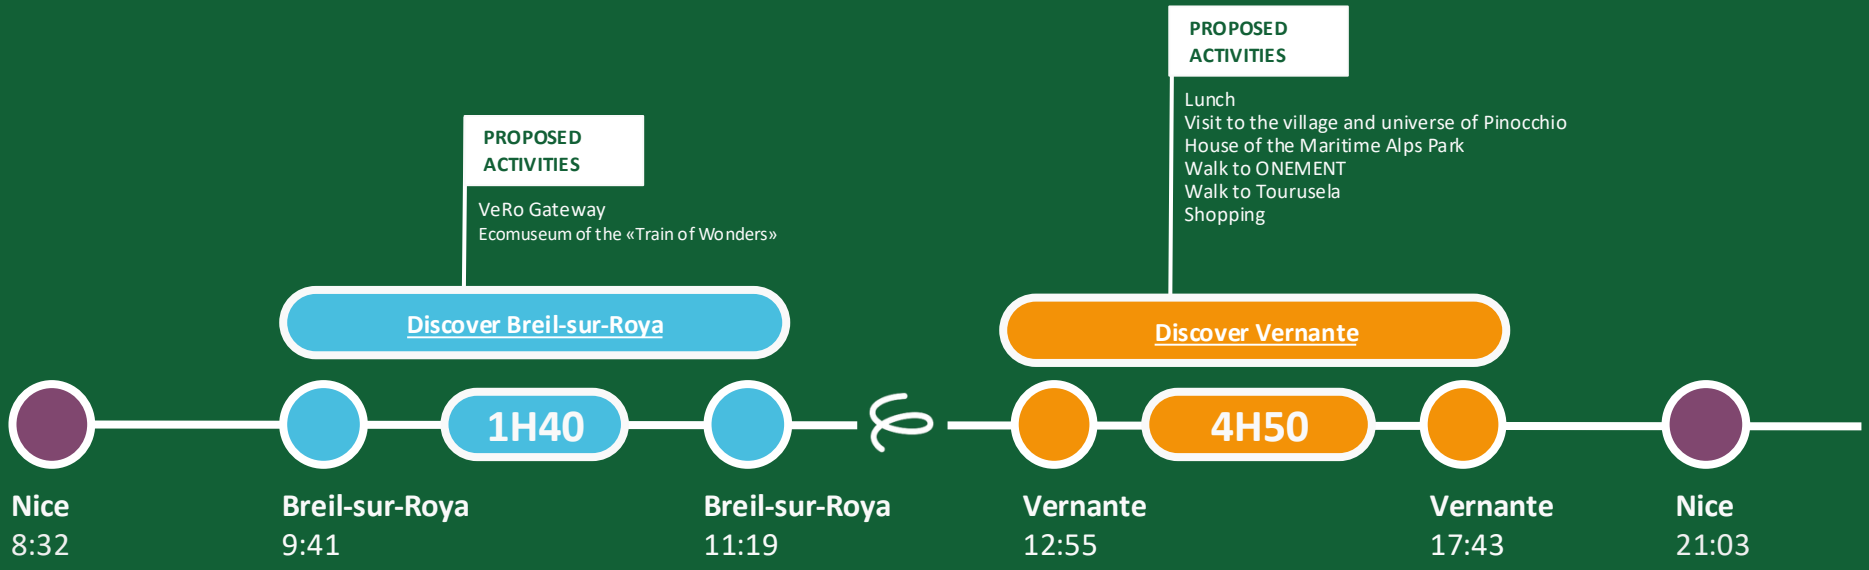

In France

⚠ Train timetables may vary depending on the day and the season.

A day trip starting from Nice

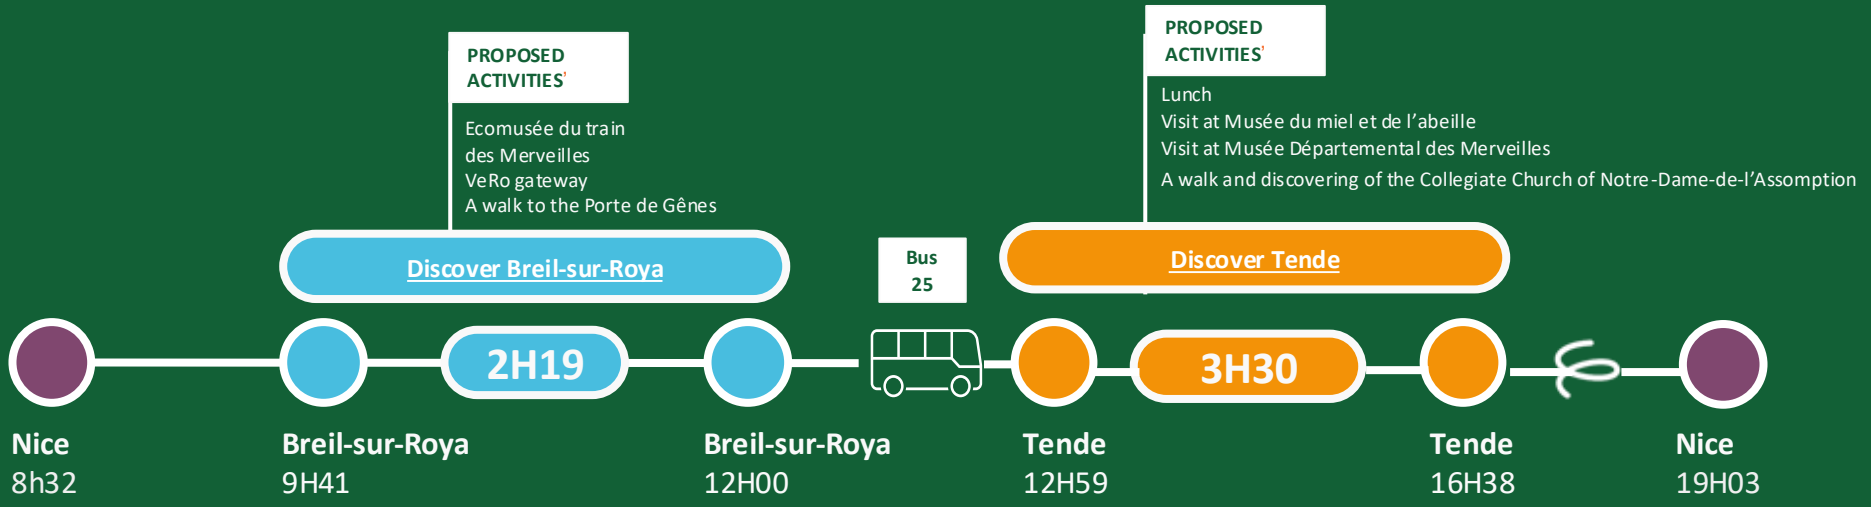

In Italy e In France

⚠ Train timetables may vary depending on the day and the season.

Una giornata con partenza da Nizza

In France

⚠ Train timetables may vary depending on the day and the season.

Have a nice trip!
